## Handmade solid wood kitchen cabinets

### YPF handmade kitchen cabinets are made entirely from solid wood

Our solid wood built up kitchen cabinets can be supplied in solid pine, knotless pine, paulownia, tulip wood, oak, walnut or any other wood specified.

The choice of wood will depend on the application and budget. Please see below a list of the wood we use to make kitchen cabinets.

- **Pine** is an affordable material with the strength to support a kitchen cabinet. It is a soft wood which makes it malleable and easy to work with.
- **Knotless pine** is used as an alternative to pine when a painted finish is preferred. There is no need to be concerned that the knots will bleed through the paint over time.
- **Paulownia** Asian hardwood, is a real eco-friendly light weight timber ideal for applications where weight is an issue. Finished Paulownia has a similar appearance to oak.
- **Tulip wood** due to its impressive strength and natural qualities, is used in a wide range of furniture manufacturing, including kitchens.
- **Oak** is attractive in appearance, durable and strong and it is used mainly in applications where low maintenance is expected.
- **Walnut** has good balance of environmental and eco-friendly nature. The texture of the
