Yorkshire Pine Factory

Hand & Spray paint facilities

All our furniture is supplied in natural wood finished using 120 grid sandpaper, additional preparation might be required prior to finishing the units. After receiving delivery it is the customers responsibility to store the unfinished furniture properly. Unfinished furniture will need to be finished immediately to avoid splitting, bowing or wood movement. Failure to handle, store or finish furniture properly will invalidate the Yorkshire Pine Factory warranty.

To paint pine furniture we recommend the use a high quality knot sealing primer or have the furniture made in knotless wood such as knotless pine, paulownia, tulip wood, or oak. Although all our painted furniture is flattened between coats a 100% flat finish cannot be guaranteed on solid wood, grain and minor imperfections might remain visible.

Paint finishes are matched to any RAL or Farrow and Ball colour. Finishes are a soft satin, for a surcharge we can offer an alternative sheen % to increase or decrease the shine of the finish, we do not offer a gloss finish. Please note that shade/grain differences might remain visible between sections of the wood when lacquers or stains are applied.

Wood is a hygroscopic material, items when finished might require remedial work once they have climatised to their new environment, any site visits to carry out remedial work to finishing, return or redelivery costs will have to be paid for by the customer.
